IN 2024 - 2025

ACADEMIC YEAR

IN THE NAME OF GOD

BACK TO SCHOOL

1403-1404 / 2024-2025

مدرسه به مثابه سازمان یادگیرنده و پویا نیازمند داشتن برنامه عمل و تقویم اجرایی گام به گام است تا بتواند در راستای حصول اهداف و انتظارات تعیین شده در اسناد بالادستی و مطابق با ماهیت خود به عنوان ارکان تربیت خدماتی ارائه دهد. این بدان معناست که طراحی چشم انداز و مقاصد آموزشی و پرورشی مدرسه و نیز برنامه ریزی برای انجام فعالیت های گوناگون کافی و تضمین کننده نیست و در گام تکمیلی، تقویم و برنامه عمل مورد انتظار است. بر این اساس، مدرسه به دلیل پیش بینی کلیه فعالیت ها مبتنی بر چشم اندازهای مورد انتظار در تقویم اجرایی برنامه ویژه مدرسه خود را ملزم به رعایت همه جانبه و تنظیم و اجرای تمام و کمال تقویم اجرایی می کند.

What we believe

It is the school's responsibility to provide a positive climate for learning.

Discipline is an essential part of education.

Students have rights and responsibilities.

School rules should be established and understood by parents, teachers and students.

Discipline as well as learning is individualized.

Parents should be deeply involved in the discipline of their daughters.

Parents, teachers, and administrators should help students work towards self discipline, self control and self-responsibility. At TIS, we strive to maintain a wholesome and comfortable environment in which students are able to maximize on their talents and potentials. In order to do that we have set up some rules, regulations, and expectations that will help them better concentrate their efforts on school work.

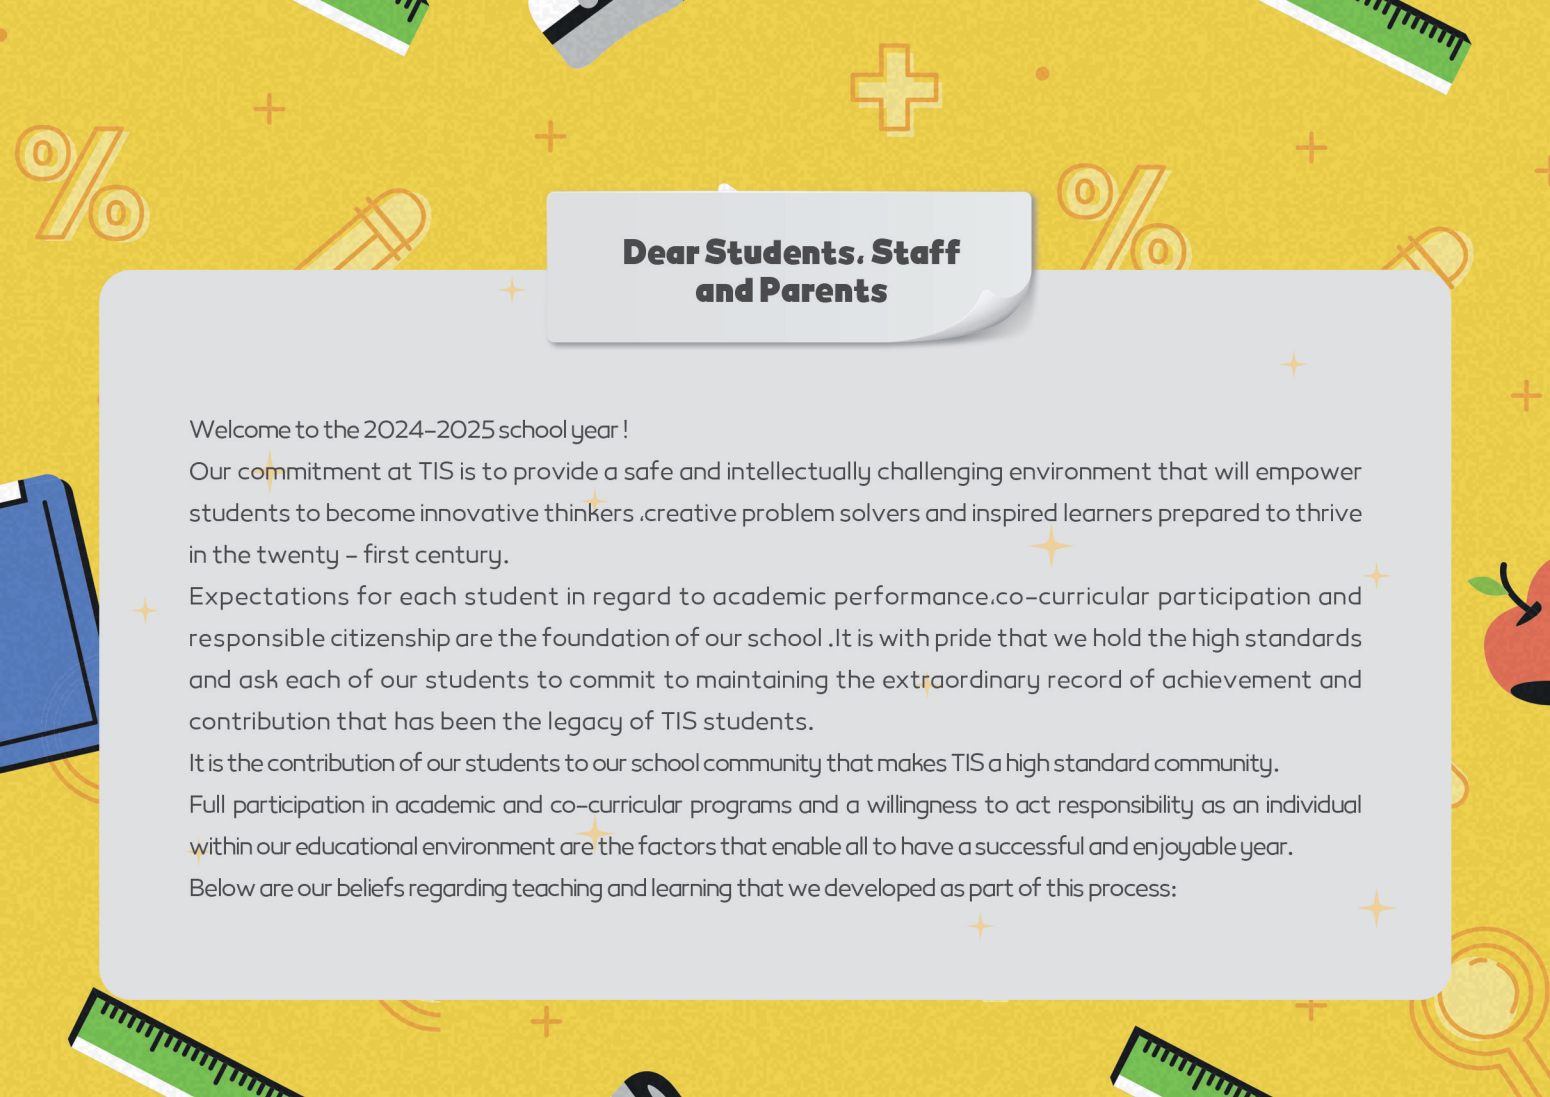

Mission statement

As its name suggests, Tehran International School enjoys a diverse body of students, which enriches the school community and provides a wealth of individual experience as well as intercultural dialogue. Each student we hold, has personal as well as cultural set of experiences, skills, and interests, which must be taken into account, as much as possible, in the processes of teaching and learning. Since Tehran International School is an entity communal to its roots, we strive for social awareness, thoughtful interaction, and effective communication amongst our members, including students, parents, and staff. We seek to create an atmosphere of academic achievement, encourage intellectual enquiry, and develop the capacity for thinking in innovative ways.

A thorough 'educational' programme, in its most fundamental sense, ought to include the development of the qualities of compassion, tolerance, and respect for the universal rights and cultural uniqueness of other people as well as the necessary skills for the peaceful resolution of conflicts.

Thus, we do our best not to yield to their opposites.

Last but not least, an optimistic outlook for the future, respectful behaviour towards our peers, and rigorous study habits finely tuned to our abilities guarantee that each of our students shall find success throughout an impressive career within TIS.

Dear Students, Staff and Parents

Welcome to the 2024–2025 school year !

Our commitment at TIS is to provide a safe and intellectually challenging environment that will empower students to become innovative thinkers ,creative problem solvers and inspired learners prepared to thrive in the twenty – first century.

Expectations for each student in regard to academic performance,co-curricular participation and responsible citizenship are the foundation of our school .It is with pride that we hold the high standards and ask each of our students to commit to maintaining the extraordinary record of achievement and contribution that has been the legacy of TIS students.

It is the contribution of our students to our school community that makes TIS a high standard community.

Full participation in academic and co-curricular programs and a willingness to act responsibility as an individual within our educational environment are the factors that enable all to have a successful and enjoyable year.

Below are our beliefs regarding teaching and learning that we developed as part of this process:

We believe that effective teachers:

Create opportunities for intellectual risk-taking, collaboration, problem-solving, and application of classroom learning to real life situations.

Implement strategies that promote ownership of learning to students.

Demonstrate ongoing professional growth in order to increase the quality of instruction.

Collaborate with colleagues to share and discuss exemplary practices interpret student performance data and design twenty-first century skills.

We believe that successful students :

Communicate in a meaningful way for a variety of purposes and audiences.

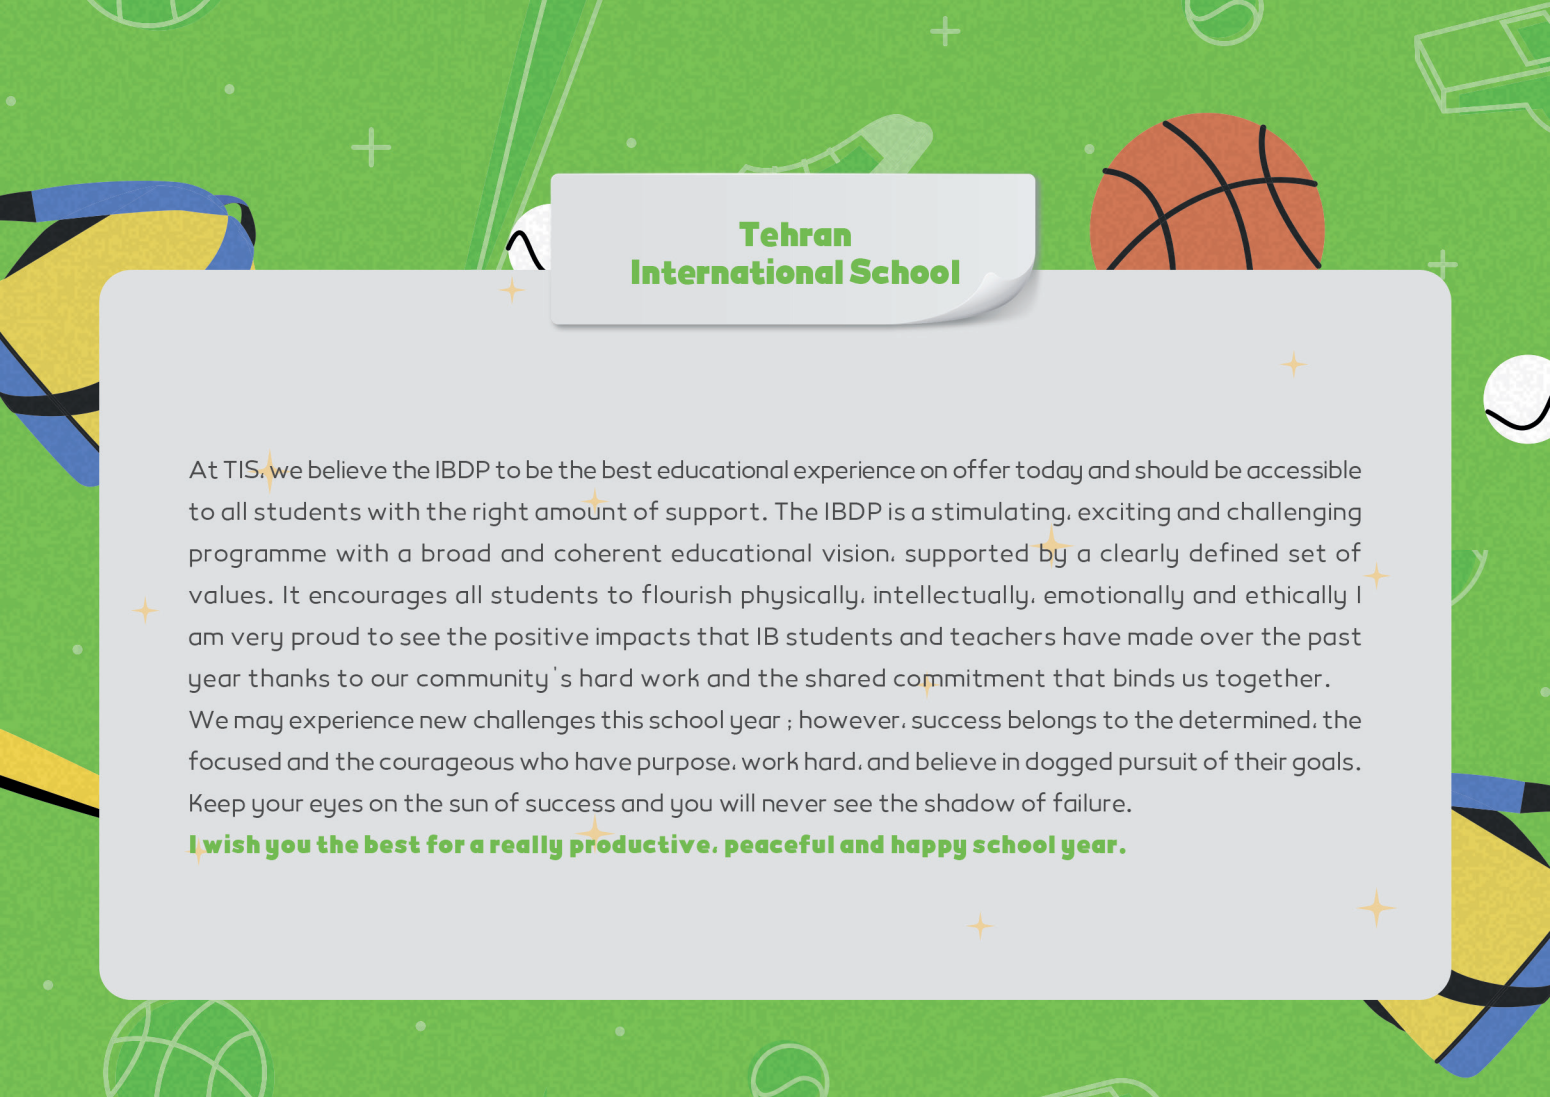

Employ critical and creative thinking skills to solve problems.

Pose questions, examine possibilities, and apply skills to find solutions to authentic issues.

Make positive choices related to physical and mental wellness.

Contribute to the local and global community in a collaborative and respectful manner.

In conclusion, we wish you all a wonderful school year.

The background is a vibrant green field with white lines, suggesting a sports field. Scattered around are various sports-related icons: a basketball, a soccer ball, a tennis racket, and a badminton racket. There are also small white plus signs and yellow stars. A white rectangular box with a folded corner effect is positioned in the upper center, containing the school's name.

Tehran International School

At TIS, we believe the IBDP to be the best educational experience on offer today and should be accessible to all students with the right amount of support. The IBDP is a stimulating, exciting and challenging programme with a broad and coherent educational vision, supported by a clearly defined set of values. It encourages all students to flourish physically, intellectually, emotionally and ethically. I am very proud to see the positive impacts that IB students and teachers have made over the past year thanks to our community's hard work and the shared commitment that binds us together. We may experience new challenges this school year; however, success belongs to the determined, the focused and the courageous who have purpose, work hard, and believe in dogged pursuit of their goals. Keep your eyes on the sun of success and you will never see the shadow of failure.

I wish you the best for a really productive, peaceful and happy school year.
